Pronounced: "en 'joi THē hek out əv gôlf"

It's an ancient Utah phrase that roughly translates to:

"We aggressively, yet respectfully, hope you receive the utmost delight and pleasure from playing the greatest game on Earth."

All of our products at Yatta Golf are designed to facilitate a truly great time both on and off the course.

And because we believe everyone has the right to that experience, we have partnered with some phenomenal manufacturers across the world to nail down a stellar blend of quality material at a price the average golfer can appreciate. *Enjoy.*

Second, review designs and submit any edits. Approve the final design to begin production.

Third, receive mind-blowingly awesome custom polos!

EMBROIDERY & HEAT PRESS

EMBROIDERY OR HEAT PRESS: WHICH IS RIGHT FOR YOU?

Embroidery: Embroidery is the process of decorating your polo with needle and thread. This is the traditional process of adding your logo to a polo. We recommend this option for larger logos without small, intricate details.

Heat Press: Yatta Golf also offers UltraColor Max DTF vinyl heat transfer to adhere a vinyl logo directly to your polo. This method is recommended for logos with smaller, intricate details.
